

## Hedesunda Camping

Sports fishing attains new heights in the river Nedre Dalälven area, there where the water flows through handsome lakes and many rapids. Hedesunda Camping is found in the middle of this lovely, unspoilt nature right on the beautiful Ön Island. You can fish from the shore or explore the waters in one of our fully equipped fishing boats. We can give you information about the best fishing sites and techniques. Rent one of our comfortable cabins or bring your own caravan.

### Season

Hedesunda is open from April 15 to October 31. The best pike season is in the spring from May through June and in autumn from September through November. Pikeperch likes warmer waters from June through October and perch bites from May through November.

### Species & Records

The primary fishes are pike, pikeperch and perch. The largest pike caught is 127 cm, largest pikeperch, 98 cm and for perch, 48 cm.

### Fishing Service

One Quicksilver 450 – 15 hp, three Linder 400 – 9.9 hp, seven Linder 440 – 4 hp. All boats can be fitted with eco sounding equipment and el motor. The camping office sells fishing licences, charts and fishing equipment. We are happy to recommend the best fishing spots and the most efficient technique, as well as arranging for fish guides.

### Location & Transfer

Hedesunda Camping is located 140 km north of Stockholm and 45 km south of Gävle. The nearest airport is Stockholm/Arlanda (app. 1.5 hrs). By car follow signs for Ön, Camping and Sandsnäsbadet on Rt 56 (Gysinge to Hedesunda).
